

# Your career starts here!

Our aim is to be number one for vet graduates and to provide you with the best start to your veterinary career with IVC Evidensia.

The industry-leading fully supported graduate academy programme, consisting of a number of days of clinical and lecture based CPD events delivered over a two-year period in venues across Europe.

Clinical coach support will be provided to help you flourish and succeed in your new role, and you will have the opportunity to network with graduates across IVC Evidensia, building professional relationships that will last a lifetime.

## YOUR PROGRAMME

- Structured induction
- Clinical coaching
- Career and personal development
- Networking opportunities
- Clinical programme incl. both theoretical and practical sessions
- Starts in October 2020, 2- year programme

“

I'm having a great time at the Graduate Academy. It's great to see all of the young vets around Europe, learn together and share work experiences. Looking forward for what's coming up!

**Femmy Stoffers,**  
MSc. Mijn Dierenkliniek, NL
